

Out Reach and Community Services

Agencies/Programs that have received funding :

of Bedford County

Today more than ever, we all need to come together. To combine our passion and dedication to bring about the change that can only happen when people are united in purpose.

United Way of Bedford County is about bringing people together to make our community a better place.

With so many new challenges threatening our community – from hunger and homelessness, to transportation and mental health. It's important that together we fight for those living in poverty, so that they too can achieve their dreams.

We can't do it alone. Non-profits can't do it alone. Companies, individuals or the government can't do it alone.

Together, more than ever, we can help those in need today enjoy a better quality of life tomorrow.

Together we strive to improve the lives of all who live in Bedford County!!

LIVE UNITED

The United Way of the Bedford County invests in the futures of children, families, and those who are in need in Bedford County.

With the support of our long-term donors, advocates, and volunteers, we are able to drive measurable results and significant social change in our 3 Core Initiative Areas: • Health •

Education • Financial Stability.

As an independent, volunteer-driven, community organization responsible for creating, expanding, and accelerating positive social change, we work to collaborate and build relationships that will strengthen our community.

Your contribution will join with others in making a difference in the lives of many in our county.

Each year monies raised by our campaign are used to help support the work of our partner agencies as well as to support our community. These programs are designed to support Bedford County and the communities within it.
